

**relation** /rɪˈleɪʃ(ə)n/

The way in which two or more people or things are connected; a thing's effect on or relevance to another.

*'questions about the relation between writing and reality'*

*'the size of the targets bore no relation to their importance'*

An aspect or quality (such as resemblance) that connects two or more things or parts as being or belonging or working together or as being of the same kind

*'the relation of time and space'*

**relationship** /rɪˈleɪʃ(ə)nʃɪp/

The way in which two or more people or things are connected, or the state of being connected.

*'the study will assess the relationship between unemployment and political attitudes'*

the state of being related or interrelated

*'studied the relationship between the variables'*

<https://en.oxforddictionaries.com/definition/>, <https://www.merriam-webster.com/dictionary/>

While *relation* and *relationship* refer to the connection between two things, *relation* shades more toward the way things are connected, while *relationship* refers to the connection itself.
